

HR Shortlist Report

Candidate: Alice Smith

Recommendation: Hire

Total Score: 92.5/100

Summary: Highly qualified candidate with excellent skills match and relevant experience

Dimension	Score	Justification
Skills Match	10/10	Candidate has all required skills and more
Experience Relevance	10/10	Candidate has exact domain experience and seniority
Education & Certs	5/10	Candidate meets minimum education requirement
Project/Portfolio	10/10	Candidate has strong relevant portfolio with open source contributions
Communication Quality	10/10	Candidate has excellent written and verbal communication skills

Candidate: Bob Johnson

Recommendation: Manual Override

Total Score: 75.0/100

Summary: Junior developer with limited experience and skills match, but some potential

Dimension	Score	Justification
Skills Match	5/10	Has Python and web development skills, but lacks LangChain, LLM APIs, and FastAPI experience
Experience Relevance	0/10	Only has intern experience and not in the exact domain of AI or seniority
Education & Certs	0/10	Does not have a Bachelor's degree in Computer Science or related field
Project/Portfolio	5/10	Has a simple project, but not a strong relevant portfolio
Communication Quality	5/10	Has adequate clarity in the summary, but not crisp or impactful

Candidate: Charlie Davis

Recommendation: No-Hire

Total Score: 5.0/100

Summary: Candidate lacks relevant technical skills and experience for the Senior Python Developer role

Dimension	Score	Justification
-----------	-------	---------------

Skills Match	0/10	No relevant technical skills for the job
Experience Relevance	0/10	Unrelated domain, no experience in software development
Education & Certs	0/10	Does not meet minimum education requirement of Bachelor's degree in Computer Science
Project/Portfolio	0/10	No evidence of projects or portfolio
Communication Quality	5/10	Adequate clarity in summary, but not enough to compensate for other weaknesses
